Action	For Approval

1. Recommendations

1. To review and approve the College Risk Register, noting the recent changes in some risk scores reflecting the ongoing COVID-19 crisis , the associated impacts upon College operations and financial position, and the management of these.

2. Purpose of report

2.1 The purpose of this report is to enable a review of the College Risk Register, with current risk scores.

3. Context

3.1 Risk Management is a key component of the College's internal control and governance arrangements, and as such is an important responsibility of the Senior Management Team, Board Committees, and the Board of Management. The risks listed on the Risk Register have been identified by SMT and Board Committees, as the current strategic risks faced by the College. The risks are aligned within the same framework of four strategic themes as the College Strategic Plan, and those included in the Risk Register have potential impacts on one or more of the College's strategic priorities.

3.2 A full review of strategic risks is undertaken regularly by senior Risk "owners", senior managers as appropriate, and Board Committees. All Risk MAPs are updated accordingly and reported to the appropriate Board Committees. The attached risk Register reflects the status of these risks within the current cycle of Risk Reviews as at 5 November 2020.

4. Impact and implications

4.1 The effective management and control of risks is essential to the on-going stability and future growth of the College, with clear implications in terms of potential impact upon College students and staff, as well as the College's wider reputation. All strategic risks have potential strategic impact upon the College. The College Risk Register includes matters relating to legal compliance.

4.2 Several strategic risks are financial and developmental in nature, and potentially constitute a threat to the College's stated strategic priority to "Maintain our long-term financial stability" and "diversity of income and sustainable development" (Ref College Strategic Priorities 7 and 8). These risks and associated management action plans currently reflect the actual and projected consequences of the Covid-19 crisis.

4.3 Performance management and improving performance are identified as areas of strategic risk, due to the potential impact on reputation, the student experience, and funding.

4.4 Regional and sectoral considerations are included in the process of risk management, and are reflected in the risk documentation.
