GITY OF GLASGOW COLLEGE

Board of Management Conveners' Committee

| Date of Meeting | 28 August 2023 |
|--------------------|--------------------------------|
| Paper No. | CC1-I |
| Agenda Item | 4.3 |
| Subject of Paper | Strategic Risk Review |
| FOISA Status | Disclosable |
| Primary Contact | Drew McGowan College Secretary |
| Date of production | 21 August 2023 |
| Action | For Discussion and Decision |

1. Recommendations

- 1.1. To discuss and approve the Strategic Risk Register for risks reported to the Committee, recommending any changes to the Board of Management for final approval.
- 1.2. To note the Risk Management Action Plans for risks reported to the Committee.

2. Purpose

2.1. To provide the Conveners' Committee with an update on the most recent quarterly review of the College's strategic risks for those reported to the Committee. The Strategic Risk Register and the Management Action Plans (MAPs) are enclosed.

3. Consultation

3.1. All strategic risk owners were consulted during the latest quarterly review.

4. Key Insights

- 4.1. Risk management is a key component of the College's internal control and governance arrangements and, as such, is an important responsibility of the Board of Management, the Executive Leadership Team (ELT) and the Senior Management Team (EMT). Final approval of the Strategic Risk register is reserved to the Board and the Audit & Assurance Committee has oversight over the College's risk management approach.
- 4.2. ELT and SMT members are invited to review the risks they own on a quarterly basis. This is to ensure that the College, our Board and its committees, remain aware of any changes in the risk environment and that our risk management plans remain up-to-date and effective. Committees review the risks that are within their remit and recommend any changes to the Board for final approval.
- 4.3. The Strategic Risk Register and the MAPs are enclosed for the Committee's consideration and approval of members. 3 strategic risks are reported to the Committee. 2 changes are proposed in this review.
- 4.4. In this quarterly review, after the World Health Organisation declared an end to the pandemic, SR25 (Covid-19) is proposed to be removed from the Strategic Risk Register. Members are asked to consider whether this risk should be replaced by a risk concerning the failure to prepare and respond to emerging public health incidents and crises, as outlined in SR26.
- 4.5. The College's strategic risk reporting has been streamlined over the summer in preparation for the new academic year. The Strategic Risk Register has been refreshed and the MAPs have been condensed from a total of 104 pages to 13. This remains a work in progress and feedback is welcome.

5. Impact and Implications

5.1. The effective management, control and mitigation of risks are essential to the College's institutional and financial sustainability, compliance, reputation and future growth.

Impact and Probability Criteria

| Score | Impact | Probability |
|-------|--|---|
| 1 | Insignificant: the risk has minimal to no effect on the College's operations, objectives, reputation, stakeholders or financial sustainability. | Highly Unlikely: the likelihood of the risk occurring is minimal. It would be estimated that the risk has a 1-5% chance of happening. |
| 2 | Minor: the risk may cause slight disruption or impact on the College's operations, objectives, reputation, stakeholders or financial sustainability. | Unlikely: the likelihood of the risk occurring is unlikely but still possible. It would be estimated that the risk has a 6-25% chance of happening. |
| 3 | Moderate: the risk has a noticeable impact or disruption, affecting the College's operations, objectives, reputation, stakeholders or financial sustainability. | Possible: the likelihood of the risk occurring is reasonable. It would be estimated that the risk has a 26-50% chance of happening. |
| 4 | Major: the risk has a substantial impact on the College's operations, objectives, reputation, stakeholders or financial sustainability. | Likely: the likelihood of the risk occurring is probable. It would be estimated that the risk has a 51-75% chance of happening. |
| 5 | Critical: the risk is a severe threat to the College's operations, objectives, reputation, stakeholders or financial sustainability. | Almost Certain: the likelihood of the risk occurring is highly likely. It would be estimated that the risk has more than a 75% chance of happening. |

| Failure to realise planned benefits of Regionalisation | Pr DPr | There is a risk that the College may fail to realise the planned benefits of Regionalisation, leading to a negative impact on our position within the Regionalisation Agenda. There is a further risk that the College fails to manage changes to governance arising from regionalisation to the benefit of the College and our stakeholders. To treat this risk, the College will maintain effective dialogue with the GCRB, SFC, Scottish Government and other colleges. Additionally, the involvement of college senior staff in regional strategic groups will be ensured to actively participate in decision-making processes, enabling the College to adapt and align with the regional agenda effectively. | April '23: We are still awaiting a decision and guidance on the way forward from the SFC. Feb '22: Decisions on the way forward are expected in this calendar year. Sept '21:Following the Scottish Funding Council's publication of the Phase One Report on Coherence and Sustainability: A review of Scotland's Colleges and Universities (October 2020), GCRB embarked on its own Review of Coherent Provision and Sustainability of Glasgow College Region. A call for evidence was issued, to which the College responded in the first week of | Low | Medium | 3 | 3 | 9 | 3 | 5 | 4 | 20 | \leftrightarrow | | Aug '23: Edited for transfer to new MAP. |
