GITY OF **GLASGOW COLLEGE**

Board of Management Finance Committee

Date of Meeting	Wednesday 29 November 2023
Paper No.	FC2-I
Agenda Item	4.3
Subject of Paper	Strategic Risk Review
FOISA Status	Disclosable
Primary Contact	Drew McGowan College Secretary
Date of production	24 October 2023
Action	For Discussion and Decision

1. Recommendations

- 1.1. To discuss and approve the Strategic Risk Register for risks reported to the Committee, recommending any changes to the Board of Management for final approval.
- 1.2. To note the Risk Management Action Plans for risks reported to the Committee.

2. Purpose

2.1. To provide the Finance Committee with an update on the most recent quarterly review of the College's strategic risks for those reported to the Committee. The Strategic Risk Register and the Management Action Plans (MAPs) are enclosed.

3. Consultation

3.1. All strategic risk owners were consulted during the latest quarterly review.

4. Key Insights

- 4.1. Risk management is a key component of the College's internal control and governance arrangements and, as such, is an important responsibility of the Board of Management, the Executive Leadership Team (ELT) and the Senior Management Team (SMT). Final approval of the Strategic Risk register is reserved to the Board and the Audit & Assurance Committee has oversight over the College's risk management approach.
- 4.2. ELT and SMT members are invited to review the risks they own on a quarterly basis. This is to ensure that the College, our Board and its committees, remain aware of any changes in the risk environment and that our risk management plans remain up-to-date and effective. Committees review the risks that are within their remit and recommend any changes to the Board for final approval.
- 4.3. The Strategic Risk Register and the MAPs are enclosed for the Committee's consideration and approval of members. 5 strategic risks are reported to the Committee. 2 changes to risk scores are proposed in this review:

No.	Risk Title		Proposed Score
SR22	Negative impact of Brexit	<mark>-</mark> 9 (3 x 3)	<mark>e</mark> 6 (2 x 3)
SR24	Failure to secure sufficient capital investment	<mark> </mark> 12 (3 x 4)	🛑 16 (4 x 4)

4.4. The College's strategic risk reporting has been streamlined over the summer in preparation for the new academic year. The Strategic Risk Register has been refreshed and the MAPs have been condensed from a total of 104 pages to 13. This remains a work in progress and feedback is welcome.

5. Impact and Implications

5.1. The effective management, control and mitigation of risks are essential to the College's institutional and financial sustainability, compliance, reputation and future growth.

Appendices:

Appendix 1: Strategic Risk Register

Appendix 2: Risk Management Action Plans

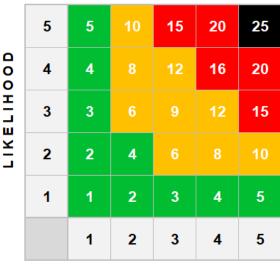

Impact and Probability Criteria

Score	Impact	Probability
1	Insignificant: the risk has minimal to no effect on the College's operations, objectives, reputation, stakeholders or financial sustainability.	Highly Unlikely: the likelihood of the risk occurring is minimal. It would be estimated that the risk has a 1-5% chance of happening.
2	Minor: the risk may cause slight disruption or impact on the College's operations, objectives, reputation, stakeholders or financial sustainability.	Unlikely: the likelihood of the risk occurring is unlikely but still possible. It would be estimated that the risk has a 6- 25% chance of happening.
3	Moderate: the risk has a noticeable impact or disruption, affecting the College's operations, objectives, reputation, stakeholders or financial sustainability.	Possible: the likelihood of the risk occurring is reasonable. It would be estimated that the risk has a 26-50% chance of happening.
4	Major: the risk has a substantial impact on the College's operations, objectives, reputation, stakeholders or financial sustainability.	Likely: the likelihood of the risk occurring is probable. It would be estimated that the risk has a 51-75% chance of happening.
5	Critical: the risk is a severe threat to the College's operations, objectives, reputation, stakeholders or financial sustainability.	Almost Certain: the likelihood of the risk occurring is highly likely. It would be estimated that the risk has more than a 75% chance of happening.

Key

- Pr Principal & CEO
- **DPr** Depute Principal & COO
- **CFO** Chief Financial Officer
- **VPSE** Vice Principal Student Experience
- VPCDI Vice Principal Corporate Development
- VPPCS Vice Principal People & Corporate Services
 - **CS** College Secretary
 - **DE** Director of Excellence
 - DCS Director of Corporate Support
 - DSE Director of Student Experience
 - DIT Director of IT
 - New risk or existing risk score has increased since the previous review.
 - **>** Risk score has decreased since the previous review.
 - ↔ Risk score has not changed since the previous review.

Risk Matrix

IMPACT

- Low Acceptable level of risk subject(1-5) to periodic review
- Medium Moderate level of risk subject to (6-12) regular monitoring and mitigating actions and plans being in place
 - High Unacceptable level of risk
 - (15-20) requiring immediate actions and plans to prevent or mitigate
 - Critical Critical level of risk requiring
 - (25) urgent attention and actions to prevent or mitigate

Risk Management Action Plans

		The Risk			Net Score Gross Score					Changes					
ID Risk Title	Owner		Developments/Commentary	Appetite	Tolerance	Impact	Prob.	Score	Target	Impact	Prob.		Trend	Updated	
SR19 Failure to achieve operating surplus	CFO	achieve an operating surplus through the control of costs and achievement of income targets. To address this risk, the College employs a comprehensive approach to financial management. Strategies encompass securing SFC funding by	£6m with compulsory reduncancies that commenced in May 2023 and other cost savings. These savings together with commercial income exceeding targets (ref SR20) will be required in looking to achieve operating surplus	Low	Medium	5	5	25	4	5	5	25	\Leftrightarrow		Aug '23: Edited for transfer to new MAP. Sept '22: Score increased from 20 to 25. Feb '22: Score increased from 12 to 20.
SR21 Failure to obtain funds from the City of Glasgow College Foundation	CFO	successfully secure funds from the College Foundation, resulting in inadequate resourcing for planned initiatives and improvements. To mitigate this risk, the Terms of Reference for the College Foundation are thoughtfully framed while respecting its independence, with external legal counsel contributing their expertise. This strategic framing enhances the potential for successful funding applications. The College	Oct '23 : Currently a balance of £1.2m remains in the CoGC Foundation. The College will continue to adhere to defined Terms of Reference in preparation of any future applications. The College does plan to prepare and submit an application for capital projects in the near future. June '23: Following the College's unsuccessful application to the Foundation for the remaining balance to fund a further round of Voluntary Severence, the Finance Committee agreed to increase the score from 4 (green) to 12 (amber).	Low	Medium	4	3	12	3	5	4	20	↔		Aug '23: Edited for transfer to new MAP. June '23: Score increased from 4 to 12.

ID	Risk Title	Owner	Risk/Treatment Description	Developments/Commentary	Appetite	Tolerance	Impact	Prob.	Score	Target	Impact	Prob.	Score	Trend	Updated	History
SR22	Negative impact of Brexit	DCS	There is a risk that the College will be negatively impacted by the repercussions of the UK's departure from the EU - including on European funding, contracts with EU-funded partners, the shipping industry and freedom of movement. To address this risk, the College has engaged with the Scottish Government and the SFC to minimise the uncertainties surrounding future funding. The College will continue to explore and make efforts to secure alternative and replacement funding streams to deliver work. The College aims to secure new partnerships and contracts, while actively engaging with the UK Chamber of Shipping to exploit emerging opportunities. Monitoring and adapting to national developments will address minor impacts on staff and students.	Oct '23: The College continues to monitor the rest impact of the UK's departure from the EU on the College and rest of the sector. While the College has been impacted it has not been to the degree as expected. It is therefore proposed that the score be reduced accordingly.	Low	Medium	2	3	6	5	5	3	15	لا		Oct '23: Score reduced from 9 to 6. Aug '23: Edited for transfer to new MAP. March '22: Score decreased from 12 to 9.
SR23	Failure to secure a sustainable model/level of funding	CFO	 (e.g., capital, national bargaining, IT) and the impact Covid-19 contribute to the risk. As the proportion of SFC income grows against non-SFC income, the impact of this risk will become greater. To manage this risk, the College focuses on robust curriculum planning and 	Oct'23 2023-24 saw a further 10% reduction in SFC credit allocations and this together with continuing uncertainty in funding contibutes to the risk that sustainable model may not be achieved. Feb '22: The 2022-23 Scottish Budget revealed a concerning £28.2m reduction in revenue budget, while capital funding remained at £33.7m. Uncertainty remains due to SFC and GCRB funding methods, with upcoming concerns over capital, ESF, national bargaining, IT, and running costs. The College, hit harder by Covid-19, faces a tougher financial recovery. Growing reliance on SFC funding due to ongoing pandemic . The College is countering this risk through strong curriculum planning, close engagement with GCRB, and collaboration among Glasgow Colleges.	Low	Low	4	3	12	5	5	5	25	⇔	Oct '23	Aug '23: Edited for transfer to new MAP.
