

Board of Management Finance Committee

Date of Meeting	Wednesday 6 March 2024
Paper No.	FC3-E
Agenda Item	4.3
Subject of Paper	Strategic Risk Review
FOISA Status	Disclosable
Primary Contact	Drew McGowan Associate Director of Governance and Risk
Date of production	5 February 2024
Action	For Discussion and Decision

1. Recommendations

- 1.1. To discuss and approve the Strategic Risk Register for risks reported to the Committee, recommending any changes to the Board of Management for final approval.
- 1.2. To note the Risk Management Action Plans for risks reported to the Committee.

2. Purpose

- 2.1. To provide the Finance Committee with an update on the most recent quarterly review of the College's strategic risks for those reported to the Committee. The Strategic Risk Register and the Management Action Plans (MAPs) are enclosed.

3. Consultation

- 3.1. All strategic risk owners were consulted during the latest quarterly review.

4. Key Insights

- 4.1. Risk management is a key component of the College's internal control and governance arrangements and, as such, is an important responsibility of the Board of Management, the Executive Leadership Team (ELT) and the Senior Management Team (SMT). Final approval of the Strategic Risk register is reserved to the Board and the Audit & Assurance Committee has oversight over the College's risk management approach.
- 4.2. ELT and SMT members are invited to review the risks they own on a quarterly basis. This is to ensure that the College, our Board and its committees, remain aware of any changes in the risk environment and that our risk management plans remain up-to-date and effective. Committees review the risks that are within their remit and recommend any changes to the Board for final approval.
- 4.3. The Strategic Risk Register and the MAPs are enclosed for the Committee's consideration and approval of members. 5 strategic risks are reported to the Committee. 1 change to a risk score and the removal of 1 risk are proposed in this review:

No.	Risk Title	Previous Score	Proposed Score
SR22	Negative impact of Brexit	● 6 (2 x 3)	Removal
SR23	Failure to secure a sustainable model/level of funding	● 12 (3 x 4)	● 16 (4 x 4)

5. Impact and Implications

- 5.1. The effective management, control and mitigation of risks are essential to the College's institutional and financial sustainability, compliance, reputation and future growth.

Impact and Probability Criteria

Score	Impact	Probability
1	Insignificant: the risk has minimal to no effect on the College's operations, objectives, reputation, stakeholders or financial sustainability.	Highly Unlikely: the likelihood of the risk occurring is minimal. It would be estimated that the risk has a 1-5% chance of happening.
2	Minor: the risk may cause slight disruption or impact on the College's operations, objectives, reputation, stakeholders or financial sustainability.	Unlikely: the likelihood of the risk occurring is unlikely but still possible. It would be estimated that the risk has a 6-25% chance of happening.
3	Moderate: the risk has a noticeable impact or disruption, affecting the College's operations, objectives, reputation, stakeholders or financial sustainability.	Possible: the likelihood of the risk occurring is reasonable. It would be estimated that the risk has a 26-50% chance of happening.
4	Major: the risk has a substantial impact on the College's operations, objectives, reputation, stakeholders or financial sustainability.	Likely: the likelihood of the risk occurring is probable. It would be estimated that the risk has a 51-75% chance of happening.
5	Critical: the risk is a severe threat to the College's operations, objectives, reputation, stakeholders or financial sustainability.	Almost Certain: the likelihood of the risk occurring is highly likely. It would be estimated that the risk has more than a 75% chance of happening.

SR19	Failure to achieve operating surplus	CFO	<p>There is a risk that the College fails to achieve an operating surplus through the control of costs and achievement of income targets.</p> <p>To address this risk, the College employs a comprehensive approach to financial management. Strategies encompass securing SFC funding by meeting credit targets and timely FWDF activity delivery. Vigilant control of course fees, non-SFC fundable income, and other revenue sources are emphasised. Additionally, expenditure is carefully managed through controlling staff costs, optimising staff structures, and closely monitoring operating expenses. Potential impacts of inflation and energy costs are also proactively considered.</p>	<p>Jan '24 : Further to savings made in 2023/24, the budget announcement in Dec 23 of c.5% cuts will require even more savings and increased commercial revenue to achieve break even.</p> <p>Oct '23: Significant savings (£6m) made with voluntary redundancy scheme in early 2023 and looking to save a further £6m with compulsory reduncancies that commenced in May 2023 and other cost savings. These savings together with commercial income exceeding targets (ref SR20) will be required in looking to achieve operating surplus going forward despite funding cuts.</p>	Low	Medium	5	5	25	4	5	5	25	↔	Jan '24	<p>Aug '23: Edited for transfer to new MAP.</p> <p>Sept '22: Score increased from 20 to 25.</p> <p>Feb '22: Score increased from 12 to 20.</p>
SR21	Failure to obtain funds from the City of Glasgow College Foundation	CFO	<p>There is a risk that the College may not successfully secure funds from the College Foundation, resulting in inadequate resourcing for planned initiatives and improvements.</p> <p>To mitigate this risk, the Terms of Reference for the College Foundation are thoughtfully framed while respecting its independence, with external legal counsel contributing their expertise. This strategic framing enhances the potential for successful funding applications. The College ensures strict adherence to the defined Terms of Reference, guiding the preparation and management of all funding applications. This rigorous approach aims to maximise the chances of securing Foundation funds for planned initiatives, preventing the under-resourcing of crucial projects.</p>	<p>Jan '24: Balance of £1.2m remains in CoGC Foundation. The plan is still to plan to make application for capital projects but will adhere strictly to degined Terms of Reference.</p> <p>Oct '23 : Currently a balance of £1.2m remains in the CoGC Foundation. The College will continue to adhere to defined Terms of Reference in preparation of any future applications. The College does plan to prepare and submit an application for capital projects in the near future.</p>	Low	Medium	4	3	12	3	5	4	20	↔	Jan '24	<p>Aug '23: Edited for transfer to new MAP.</p> <p>June '23: Score increased from 4 to 12.</p>

SR22	Negative impact of Brexit	CFO DCS	<p>There is a risk that the College will be negatively impacted by the repercussions of the UK's departure from the EU - including on European funding, contracts with EU-funded partners, the shipping industry and freedom of movement.</p> <p>To address this risk, the College has engaged with the Scottish Government and the SFC to minimise the uncertainties surrounding future funding. The College will continue to explore and make efforts to secure alternative and replacement funding streams to deliver work. The College aims to secure new partnerships and contracts, while actively engaging with the UK Chamber of Shipping to exploit emerging opportunities. Monitoring and adapting to national developments will address minor impacts on staff and students.</p>	<p>Jan '24: There has been no significant developments since Oct '23. Following discussions at the Board's strategic planning day in November, it is recommended that this risk is removed from the register at this time. The College will continue to monitor any impact of Brexit and report this through other appropriate risk entries on the register where necessary.</p> <p>Oct '23: The College continues to monitor the rest impact of the UK's departure from the EU on the College and rest of the sector. While the College has been impacted it has not been to the degree as expected. It is therefore proposed that the score be reduced accordingly.</p>	Low	Medium	2	3	6	5	5	3	15	↘	Jan '24	<p>Jan '24: Risk recommended for removal.</p> <p>Oct '23: Score reduced from 9 to 6.</p> <p>Aug '23: Edited for transfer to new MAP.</p> <p>March '22: Score decreased from 12 to 9.</p>
SR23	Failure to secure a sustainable model/level of funding	CFO	<p>There is a risk that an agreed and sustainable model of grant funding for the College may not be achieved. Uncertainties in funding methodologies (e.g., capital, national bargaining, IT) and the impact Covid-19 contribute to the risk. As the proportion of SFC income grows against non-SFC income, the impact of this risk will become greater.</p> <p>To manage this risk, the College focuses on robust curriculum planning and maintains close collaboration with the GCRB and other Glasgow colleges. It actively engages in transparent discussions with the GCRB and the SFC to communicate funding needs effectively. Proactive planning and adaptability are emphasised, allowing the College to navigate changing funding scenarios.</p>	<p>Jan'24: The Budget in December 23 announced a further £32.7m reduction in revenue budget. Uncertainty of funding remains due to SFC, FWDF with ongoing concerns over national bargaining and running costs.</p> <p>Oct '23: 2023-24 saw a further 10% reduction in SFC credit allocations and this together with continuing uncertainty in funding contributes to the risk that sustainable model may not be achieved.</p>	Low	Low	4	4	16	5	5	5	25	↗	Jan '24	<p>Jan '24: Increased from 12 to 16.</p> <p>Aug '23: Edited for transfer to new MAP.</p>

SR24	Failure to secure sufficient capital investment	CFO	<p>There is a risk of the College failing to secure sufficient capital investment to replace essential equipment as it reaches the end of its useful life, due to a substantial annual capital funding gap.</p> <p>To manage this risk, the College has developed a capital asset replacement plan, requiring around £3m - £4m annually. However, the current SFC Maintenance and Capital Grant is only approximately £1.3m, resulting in a significant funding gap. The College will actively engage with SFC to secure a substantial increase in annual capital funding. The College also plans to seek assistance from the College Foundation and enhance financial performance to allocate more funds for asset replacement.</p>	<p>Jan '24: Annual asset replacement requirement is c. £3m with only £1.3m pa grant and £1.2m in Foundation in total, creating further pressure on bottom line deficit. The continued phased and prioritised approach to funding allocation requires to be continued.</p> <p>Oct '23: Financial constraints continue for current and future capital planning. SFC Maintenance and Capital grant remains at c £1.3m pa and now only £1.2m remains within College Foundation. Due to limited funding availability for capital projects there requires to be a continued phased and prioritised approach to allocation of funding.</p>	Low	Medium	4	4	16	3	5	4	20	↔	Jan '24	<p>Oct '23: Score increased from 12 to 16.</p> <p>Aug '23: Edited for transfer to new MAP.</p>
