Action	For Discussion

1. Recommendations

The Committee is asked to discuss the published AY2022-23 Complaints report.

2. Purpose

This report presents an overview of complaints received by the College from August 2022 to July 2023, summarising and expanding upon the College's Annual Report to the SPSO (Scottish Public Services Ombudsman).

3. Consultation

As is appropriate, the themes, outcomes and actions of complaints have been discussed with ELT, SMT, Faculties and Directorates and within the QAEC. The resulting actions have been informed by complaint investigation managers, drawn from across the College.

4. Background

This year, we have seen an increase in the number of complaints received although fewer complaints were upheld and there were fewer course related complaints.

Handling times have largely been maintained, although handling times of Stage 2 complaints increased, in part reflecting their complexity.

From August 2022 to July 2023, the College received 84 complaints, which is 11 more from the same period in 2021/2022. Although an increase from the previous year, it is still a downward trend from its highest level of 111 in 2019/20.

In accordance with the procedure, complaints are assigned a handling timeframe, determining whether they can be resolved within five working days (Stage 1) or within 20 working days (Stage 2).

For the period covered in this report, the number of complaints handled at Stage 1 (55) was marginally lower when compared to the same period in 2021/22 (56). There was an increase in the number of complaints handled at Stage 2, from 9 in 2021/22 to 14 in 2022/23.

Most complaints were in relation to Customer Care. Complaints about Applications, Admissions and Progression and Courses were the next highest categories. Industrial Action (31) continued to have a significant impact on the types of complaints received in terms of course fee refunds, online learning, cancelled classes, and alleged lack of support.

Key Observations
Total number of complaints received increased by 15%, from 73 to 84.
Of the 84 complaints, 5 remain open and under investigation.
Most complaints (65%) were resolved at Stage 1.
Complaints escalated to Stage 2, requiring further investigation following Stage 1 resolution, increased by 0.6%.
31% of all complaints received were not upheld .
For those complaints that were either upheld (2.4%) or partially upheld (8%), actions and lessons learned are captured and shared to inform improvements to the process.
20% of complaints were about Course Related matters.

We continue to report on and publish information on complaints as required by the Scottish Public Services Ombudsman.

5. Impact and Implications

Each complaint has an outcome, upholding or rejecting the complaint. The outcome informs the lessons learnt to enhance the student experience.

A high volume of complaints tells us something about the effectiveness of our services and the student experience. Handling complaints quickly and consistently is also important to the continued cohesion of College services.

Mindful of the improving picture and the plans for further enhancements to the system, there are no material risks to note at this time, although we note the continued impact of the time taken handling complaints related to industrial action.

Complaint Summary August 2022 to July 2023

Complaints Handled at Each Stage

Year	Stage 1	Stage 2	Escalated	Open	Total
August 2021 to July 2022	56	9	3	5	73
August 2022 to July 2023	55	14	4	5	84

The total number of complaints received has increased by 15% when compared to the academic year 2021/22. The number of complaints handled at Stage 2 has also increased.

Complaint Outcomes by Stage

	Resolved	Upheld	Not Upheld	Partially Upheld	Open
Stage 1	33	2	19	1	1
Stage 2	1	0	7	6	4
Escalated	0	0	3	1	0
Total	34	2	29	8	5

Compared with last year, fewer complaints were upheld, falling from 14% to 2.4%.

The number of partially upheld complaints is broadly the same.

Under a third (30%) of all complaints received were **not upheld**. This is consistent with the same period last year.

Complaints Closed within SPSO Timescales

Complaint Stage	Total	% of Complaints Received
Stage 1 complaints closed within 5 working days	48	87.3%
Stage 1 complaints not closed with 5 working days	7	12.7%
Stage 2 complaints closed within 20 working days	9	64.3%
Stage 2 complaints not closed within 20 working days	5	35.7%
Escalated complaints closed within 20 working days	3	75%
Escalated complaints not closed within 20 working days	1	25%

Volume of complaints closed to target

In terms of complaint handling, slightly less Stage 1 complaints were closed within 5 working days when compared to the same period last year, from 89% to 87%. However, more complaints at Stage 2 were resolved within the 20-working day target, up by 15pp.

Of the four complaints escalated to Stage 2, only one required an extension to the 20 working days timescale, in part, reflecting its complexity. In contrast, last year, all three escalated complaints required an extension to the 20 working days timescales.

For all complaints not closed within the SPSO timescales, an extension was agreed with the complainant.

Average Number of Working Days to Close Complaints

Complaint Stage	Target (working days)	Average (working days)
Stage 1	5	4.1
Stage 2	20	17.9
Escalated	20	19.2

Handling Times

Average handling times for Stage 1 complaints has remained the same when compared to the same period last year.

The average handling times of Stage 2 and Escalated complaints decreased this year, with Stage 2 complaints requiring 9 working days less to resolve and Escalated complaints requiring 12 working days less to resolve.

Complaints Escalated to SPSO

Complaints can be escalated to the SPSO when the complainant is dissatisfied with the outcome. One complaint was escalated to SPSO this year, relating to Customer Care. This did not result in further action.

Action on Upheld Complaints

For any complaints where the investigation has identified a recommendation or action to improve process, the Performance Team record the identified action or recommendation. This is then monitored by the Performance Team who contact the Complaint Investigation Manager or person responsible for carrying out the action or improvement, to ensure completion.

Reporting on improvement actions as a result of complaint investigations will form part of the enhanced performance reporting to Faculties and Directorates ensuring greater awareness and quicker completion/implementation.

Opportunities for Improvement – *better centralised data on student outcomes*

During periods of academic leave, complaints relating to academic matters are often suspended until academic staff return to the College. For 2022/23, the College suspended 5 complaints over the academic summer break, which might involve a delay of up to six weeks.

These complaints related to staff conduct, refund of fees, and progression. In such instances, the complaint's resolution is dependent upon information held by curriculum staff. In a small number of instances, then, the absence of this information can have a negative effect on planned progression.

As part of the College quality cycle, work continues to consider the benefits of assessment boards to support accountability, authorization and consistent communication of student results.

Publishing our findings - College Annual Report

Each year the SPSO requires the College to publish an annual complaints report. This is attached at **annex A**.

The Committee should note that work is under way to further develop this report, informed by comparisons with other colleges.

2 PERFORMANCE INDICATOR P7: CUSTOMER SATISFACTION

2.1 ACCESS TO COMPLAINT HANDLING PROCEDURE

As part of the College’s Customer Care Charter, “City Listens” demonstrates our commitment to maintaining high standards and continuously seeking to improve our processes in order to provide a better service. Through “City Listens” process the College provides an online complaint portal to raise complaints and also a dedicated email address. Complaint forms are available in hard copy and electronic format and can be posted or emailed. All access routes to the Complaint Handling Procedure are handled by members of the Performance Team who quickly identify the most appropriate member of staff to handle the complaint. Other routes include emailing staff directly, letter, phone or in-person.

27% of complaints in 2022/23 were received in a direct email to staff. A complaint form by email was the most popular route of access to the Complaint Handling Procedure with 35%.

2.2 FEEDBACK

The College requests feedback on responses to complaints and categorises feedback as "Satisfied", "Dissatisfied" and "No Feedback". The College also evaluates feedback against the complaint outcome of 'Upheld' or 'Not Upheld'.
