GITY OF **GLASGOW COLLEGE**

Board of Management Learning, Teaching & Student Experience Committee

Date of Meeting	17 September 2024
Paper No.	LTSEC1-I
Agenda Item	4.7
Subject of Paper	Strategic Risk Review
FOISA Status	Disclosable
Primary Contact	Drew McGowan Associate Director of Governance and Risk
Date of production	16 August 2024
Action	For Discussion and Decision

1. Recommendations

- 1.1. To discuss and approve the Strategic Risk Register for risks reported to the Committee, recommending any changes to the Board of Management for final approval.
- 1.2. To note the Risk Management Action Plans for risks reported to the Committee.

2. Purpose

2.1. To provide the Learning, Teaching & Student Experience Committee with an update on the most recent quarterly review of the College's strategic risks for those reported to the Committee. The Strategic Risk Register and the Management Action Plans (MAPs) are enclosed.

3. Consultation

3.1. All strategic risk owners were consulted during the latest quarterly review.

4. Key Insights

- 4.1. Risk management is a key component of the College's internal control and governance arrangements and, as such, is an important responsibility of the Board of Management, the Executive Leadership Team (ELT) and the Senior Management Team (SMT). Final approval of the Strategic Risk register is reserved to the Board and the Audit & Assurance Committee has oversight over the College's risk management approach.
- 4.2. ELT and SMT members are invited to review the risks they own on a quarterly basis. This is to ensure that the College, our Board and its committees, remain aware of any changes in the risk environment and that our risk management plans remain up-to-date and effective. Committees review the risks that are within their remit and recommend any changes to the Board for final approval.
- 4.3. The Strategic Risk Register and the MAPs are enclosed for the Committee's consideration and approval of members. Five strategic risks are reported to the Committee. One risk score is proposed for removal in this review:

No.	Risk Title	Previous Score	Proposed Score		
SR11	Failure to achieve taught degree awarding powers	🛑 16 (4 x 4)	Removal		

5. Impact and Implications

5.1. The effective management, control and mitigation of risks are essential to the College's institutional and financial sustainability, compliance, reputation and future growth.

Appendices:

Appendix 1: Strategic Risk Register

Appendix 2: Risk Management Action Plans

Impact and Probability Criteria

Score	Impact	Probability
1	Insignificant: the risk has minimal to no effect on the College's operations, objectives, reputation, stakeholders or financial sustainability.	Highly Unlikely: the likelihood of the risk occurring is minimal. It would be estimated that the risk has a 1-5% chance of happening.
2	Minor: the risk may cause slight disruption or impact on the College's operations, objectives, reputation, stakeholders or financial sustainability.	Unlikely: the likelihood of the risk occurring is unlikely but still possible. It would be estimated that the risk has a 6- 25% chance of happening.
3	Moderate: the risk has a noticeable impact or disruption, affecting the College's operations, objectives, reputation, stakeholders or financial sustainability.	Possible: the likelihood of the risk occurring is reasonable. It would be estimated that the risk has a 26-50% chance of happening.
4	Major: the risk has a substantial impact on the College's operations, objectives, reputation, stakeholders or financial sustainability.	Likely: the likelihood of the risk occurring is probable. It would be estimated that the risk has a 51-75% chance of happening.
5	Critical: the risk is a severe threat to the College's operations, objectives, reputation, stakeholders or financial sustainability.	Almost Certain: the likelihood of the risk occurring is highly likely. It would be estimated that the risk has more than a 75% chance of happening.

ID	Risk Title	Owner	Risk/Treatment Description	Developments/Commentary	Appetite	Impact	Prob.	Score	Target	Impact	Prob.	Score	Trend	Updated	History
SR1	Failure to support successful student outcomes and progression	VPSE	There is a risk that the College may fail to support successful student outcomes due to curriculum issues, ineffective industry connections and inadequate articulation arrangements. This could lead to students leaving without completing their courses, resulting in financial and reputational damage, as well as affecting student recruitment. To address this risk, the College employs performance reviews, self-evaluation, and quality cycles to monitor and improve outcomes. Curriculum planning prioritises performance indicators, and a Student Academic Experience Strategy is implemented for a positive learning environment. The College maintains ongoing collaboration with HEIs to foster articulation links for smooth student transitions.	Aug '24: Unfortunately, as per SR17, the national dispute with EIS-FELA continues and they have obtained a further mandate for industrial action and ASOS which has commenced in August/September 2024. The College continues to provide support and a no detriment approach for internal progression for students. However, as a consequence of the resulting boycott, we are constrained in helping students secure external course progression and employment opportunities without their results being registered. 8% of results for 2023-24 are currently outstanding. The College has instructed staff to enter results by 23 August 2024. Those who undertake ASOS and fail to input results will have 100% pay deducted from 26 August 2024 as a result of partial performance. SR2	Failure to establish an optimal pedagogical model	VPSE	adequately cater to the needs of learners and stakeholders, including employers. The absence of a robust evidence base for "sector-leading" practices may hinder the	complete as planned. May '24: The Learning & Teaching Academy continues to offer training and development for all lecturing staff. This has culminated in the annual Learning & Teaching Conference, which is supported and delivered by our own staff, where innovative learning and teaching practice is shared with colleagues across the tertiary sector. ID	Risk Title	Owner	Risk/Treatment Description	Developments/Commentary	Appetite	Impact	Prob.	Score	Target	Impact	Prob.	Score	Trend	Updated	History
SR4	Failure of the College's duty of care to students	VPSE	There is a risk that the College may fail in its statutory duty of care to students in the following areas: Safeguaring (Lead: DSE); Corporate Parenting (Lead: DSE); PVG Scheme/Disclosure (Lead: VPPCS); and Prevent (Lead: ADGR). To mitigate this risk, the College has the policies, procedures and designated leads in place for each duty. Regular training, facilitated through Organisational Development, is available for staff to raise awareness and understanding across the College. To fulfil its duties, the College collaborates with a range of external partners, e.g. other colleges, Corporate Parents, forums at a sector/national level and Police Scotland. By working together, they can share best practices and support each other in fulfilling their duty of care effectively.	Aug '24: The Learning, Teaching & Student Experience Committee will receive the annual report on the College's Corporate Caring Duties for 2023-24 at its meeting in September 2024 from DSE. May '24: The College has been working closely with Police Scotland and Glasgow City Council on a Prevent referral during 2022-23 and 2023-24. Recently, due to positive progress, this case was successfully closed and is now subject to periodic reviews. Sept '23: DSE provided a report on Corproate Caring Duties to the Learning, Teaching & Student Experience Committee. Jan '22: Organisational Development is undertaking a review of mandatory and non-mandatory training and has agreed to prioritise Prevent training with the development of a new online module.	Averse	5	2	10	5	5	4	20	\leftrightarrow	Aug '24	Aug '23: Edited for transfer to new MAP. Oct '20: Score increased from 5 to 10.
SR11	Failure to achieve taught degree awarding powers	DPr	There is a risk that the College may fail to attain taught degree awarding powers (tDAP). To address this risk, a dedicated project board has been formed to oversee the initiative. The project board is led by the Principal and includes representation from ELT, HR, the Students' Association and the Board. The Depute Principal is the project sponsor. A comprehensive risk register has been developed for the tDAP project, addressing key areas in the Quality Assurance Agency's criteria.	Aug '24: The College suspended work to progress a tDAP application in 2022. This decision was taken due the financial and funding challenges the College faced which made it difficult to progress in key areas of the criteria. While the College's financial position has improved recently, the identified challenges to a viable application are not anticipated to dissipate in the short to medium term. tDAP is no longer a strategic priority for the College and it therefore recommended to be removed from the live Strategic Risk Register, to be re-opened at an appropriate time. While achieving tDAP is no longer a strategic priority, the College's commitment to excellence and ambition to increase the opportunities for our students is undiminished.	Open	4	4	16	5	5	4	20	۷	Aug '24	Aug '24: Entry marked for removal. Aug '23: Edited for transfer to new MAP. Dec '22: Score increased from 12 to 16.

The exponential development of AI could disrupt the College's curriculum, pose a risk to academic integrity, present ethical concerns and result in productivity/ performance challenges. To treat this risk, the College has guidance on AI in place for staff and students, which will be continuously reviewed, and will continue to facilitate appropriate training. We will continue to monitor AI developments and engage with key stakeholders to learn and share best practice. In doing so, the College will adopt an open attitude to AI - preparing for the	May '24: New risk added to the Strategic Risk Register, following a session on AI at the Board's Strategic Planning Day in November 2023 and a recent internal audit on learning technologies.
