

# Painting and Decorating

## Competition overview

Competitors have to complete a specific project designed to challenge their ability to follow detailed instructions, produce accurate and neat work outputs, and be economical with materials while working to strict timescales – all essential requirements for today's construction industry.

All competitors will be expected to be able to follow drawings, measure accurately, effectively plan their time, demonstrate competence with tools and keep work stations clean and tidy.

Also, they will have to demonstrate the following skills:

- Hand/eye coordination
- Use of different types of materials
- Preparing surfaces

Marks will be awarded based on the following criteria:

- Setting out
- Banding Finish Precision
- Application of materials
- Cleanliness of workmanship

## Entry criteria

The competition is for those training for a career in the construction industry and studying for an apprenticeship or SVQ course.

## Number by location/organisation

Capacity of 12 competitors per heat.

## Brief

Competitors will be provided with drawings and will be required to carry out a task, designed to test their ability on interpreting drawings and producing neat accurate work whilst working to a strict timescale.

Please ensure that your entrants have the skills and competences to complete the task provided.

## Competition rules

### Competition specific rules

Marking and judging of this competition will be done by a team of experts from industry, further education or training provider, using a marking criteria and allocated marks to ensure consistency at least 1 marker will attend both regionals.
